

Ice Cream Sandwich Cake

Ingredients

- 24 vanilla ice cream sandwiches, unwrapped
- 2 (8 oz) containers whipped topping (such as Cool Whip®), thawed
- 1 (12 oz) jar hot fudge topping, warmed
- 1 (12 oz) jar caramel topping
- 1/4 cup chopped pecans (or to taste)

Instructions

Step 1: Prepare the Base Layer

In a 9×13-inch dish, arrange a single layer of ice cream sandwiches to cover the bottom.

Step 2: Add the First Layer of Toppings

Spread a layer of whipped topping over the sandwiches.

Drizzle with warm hot fudge and caramel sauce.

Step 3: Repeat the Layers

Add a second layer of ice cream sandwiches.

Top with more whipped topping, hot fudge, and caramel, finishing with a final layer of whipped topping on top.

Step 4: Finish and Freeze

Sprinkle the top with chopped pecans.

Cover the dish with aluminum foil and freeze for at least **30 minutes**, or until set.

Step 5: Serve

Slice and serve straight from the freezer. Add extra fudge, caramel, or whipped cream if desired!
